inc VAT

(normal RRP is
£99 inc VAT)

+ postage & packing*

Across the UK, theft of Land Rover Defenders is on the increase!

Since Land Rover stopped production of the Defender earlier this year, theft of vehicles and parts has soared. Yours could be next!!

To help you protect your Landrover, Thames Valley Police have joined forces with security marking specialists Datatag to offer farmers and land owners in Oxfordshire, Berkshire and Buckinghamshire

the opportunity to have their 4x4's protected with the Datatag 4x4 System at a heavily discounted price of:

£60 inc VAT (normal RRP is £99 inc VAT) + postage & packing*

This comprehensive security marking and registration system combines Datadots[®] with a forensic DNA marker, ultra-violet stealth etching and radio frequency identification tagging to create a powerful theft deterrent. The system enables you to mark individual body panels such as doors and the bonnet as well as vehicle internals making your vehicle **'Too Hot to Handle!'**

To order your system simply telephone 01784 778310 and quote code TVPDef2016

Payments can be made on credit or debit card.

***Terms & Conditions**

- Offer open to residents of the Thames Valley Police area (Berks, Bucks & Oxon).
- The special price is subject to change without notice.
- A charge of £3.99 will be made on each order (not system) to cover postage up to a max of 4 systems.
